THE DAILY CLARION. Saturday : : : : : December 22, 1866

The New Orleans Times gives its readers a few words of advice, in a double-leaded article, in which it urges renewed attention to business, and the assumption of a position of "masterly inactivity" in reference to politics. It

says: "It is extremely unwise for our people to permit political telegrams from Washington to depress their spirits or affect their business.

"The practical enforcement of extreme Radical doctrines will be a violation of our acknowledged rights as American citizens, and extremely revolting to our pride, but we must re member that we are at the mercy of a sectional majority, and it is nonsensical to be over-sensitive on nice distinctions of statecraft, so long as our industrial and commercial interests are not materially affected by oppressive legislation. At any rate, it is not only silly but suicidal to borrow trouble by anticipation-to get frightened at shadows which may never visit us in substance."

RELIEF FOR THE FAMILY OF MR. DA VIS .- We learn from the Brandon Re publican that the generous ladies of that town have collected one hundred and ten dollars for the family of Mr. Davis, which has been forwarded to the Central Aid Association in this

MANUFATURERS OF Hearses and Metalic Burial Cases and Caskets.

WOULD call the attention of undertakers, and the public, to their large variety of Hearses of the most approved patterns, and of the finest finish-unrivaled for elegance, utility and durability. We are constantly improving the style and construction of our Metallic Burial Cases.

Our "New Plain Case," patented December 12, 1865, combines all the most recent and valuable improvements, and is more complete than any Burial case ever before invented. Our Metallic Burial Casket, in its simplicity of design, and its freedom from all associations of grief, is unsurpassed. It is almost entirely covered by the best polished plate glass. Its finish is that of the finest rosewood. The Ornamental Casket, with its heavy and elaborately. wrought emblematical ornaments, their bright silver contrasting with the dark polished

ground work, is of stelling and a Over wooden coffins, these Burial Cases and Cakets possess many important advantages. I'ney protect from water, vermin, and other intrusion, answering for generations every necessary purpose of a vault. Removal from the original place of burial—should it ever be desired—can easily be accomplished. Bodies can be preserved for days or weeks, awaiting the arrival of absent friends. Removal to any part of the globe, at any season of the year, is entirely practicable The surest safeguard is effected against contagious diseases. Directions accompany every Burial Case and

Casket, in reference to closing, and should be strictly followed. CRANE, BREED & CO., 90 Magazine-st., N. O. aug7-6md&w.

BULLOCK'S Port. We have a combination of Pitt's 4-horse power Emery Cotton Gin and Condenser, and Grove Press, which will effect the ginning of a crop without a gin-house. Cotton can be ginned in the field as readily as grain can be trashed, and the complement of machinery we have arrranged, will effect this.

This we have gotton up because of the widespread destruction of Gin Houses, and the nocessity of a portable set of Ginning and Pressing Mchinery.

Steam Power, 4 to 8-horse, can be substituted for the horse power mentioned above, at an additional cost.
